WHAT IS THE INTERNATIONAL FORUM ON BUSINESS ETHICAL CONDUCT FOR THE AEROSPACE AND DEFENCE INDUSTRY (IFBEC)?

IFBEC is a global platform initiated in 2007 promoting ethical initiatives within the Defence and AeroSpace sector. It is recognized as the sector's primary interface by all stakeholders worldwide. An annual high level forum is organized, gathering nearly 100 participants from US and EU companies as well as major international players from other parts of the world.

Since 2010, regular meetings have taken place alternatively in Europe and in the United States. Last year's meeting took place in Washington and this year the event will be held in Paris.

IFBEC is internationally recognized among major institutions: NATO Building Integrity Program, Collective Action Hub promoted by the G20, OECD... More than 30 companies are members of IFBEC.

WHAT ARE THE OBJECTIVES OF THE PARIS CONFERENCE?

- ▶ Exchange of best practices among aerospace industry members
 - ▶ Exchange with stakeholders (authorities, banks...)
 - ▶ Recognition of sectoral initiatives by major institutions
 - ▶ Dealing with new challenges
-

ABOUT IFBEC

WWW.IFBEC.INFO

The International Forum on Business Ethical Conduct (IFBEC) was created by member companies of the Aerospace Industries Association of America (AIA) and the AeroSpace and Defence Industries Association of Europe (ASD). It provides an opportunity to exchange information on best practices in the area of ethical business practices and global trends among industry participants. IFBEC members have developed a set of Global Principles of Business Ethics for the Aerospace and Defence Industry, which were endorsed by AIA and

ASD. The Forum is open to all companies willing to share business practices for sustainable competitiveness.

The purpose of IFBEC is to promote and foster through the Global Principles the development of global, industry-wide ethical standards for companies that are active in the aerospace or defense business sectors. The IFBEC also is focused on organizing opportunities for industry and relevant stakeholders to exchange information and best practices concerning ethical business challenges, practices and opportunities worldwide.

COMPANIES MEMBERS OF IFBEC:

ABOUT GIFAS

WWW.GIFAS.FR

GIFAS (the French Aerospace Industries Association) is an industry body that brings together some 400 companies ranging from the main prime contractors and system suppliers to SMEs. They form a cohesive, supportive and hard-driving high-technology sector specializing in the design development, construction,

marketing and maintenance of all aeronautical and space programmes and equipment, both civilian and military.

GIFAS organizes the International Paris - Le Bourget Air Show every two years, which is the world's premier aerospace event.
